

ELEKTRONIK Blume

Linecard - General

Technology	Technology	Product Description	Supplier																																
			Taiyo Yuden Co., Ltd.	HolyStone (Europe) Ltd	Viking Tech Corporation	Topolode Group & UJ Capacitors	SAMWHA Europe GmbH	Fujian Torch Electron Technology Co., Ltd.	Skeleton Technologies	WIMA Bauelemente GmbH & Co.KG	CHILISIN Electronics Corp.	TAI-TECH Advanced Electronics Co., Ltd	E&E Magnetic Products Ltd.	Suntsu Electronics	CONQUER Electronics Co., Ltd.	Ricedon Inc.	KinnexA, Inc.	SCONDAR Electronic Co., Ltd.	CONNFLY ELECTRONIC CO., Ltd	ZETTLER electronics GmbH	AATC, Advanced Acoustic Technology Co.	YJ - Yangzhou Yangle Electronic Co., Ltd.	HY Electronic Ltd	Global Power Technology Co. Ltd	Nidec Servo Corporation	Well Buying Industrial Co., Ltd.	Naisol Co., Ltd.	MINEW Inc.	Flaircomm Microelectronics, Inc.						
Passive Components	Resistors	Thin, Thick Film Chip, Array, High Power																																	
		MELF																																	
		Leaded, Wire Wound																																	
		High Precision																																	
		High Voltage																																	
		Current Sensing, High Pulse, Anti Sulfur																																	
		Shunts																																	
	Fuses	Non Magnetic																																	
		High Temp																																	
	Capacitors	Fuses	LTCC, SMD, Subminiature, Cartridge fuses																																
		Capacitors	Ceramic																																
			Tantalum and Polymer Tantalum																																
			Film Capacitors (DC-Link, Snubber, HV & LV Power Caps, SMD ...)																																
			Aluminium Electrolytic Capacitors																																
			Polymer Alum. Electrolytic Capacitors																																
	Super Capacitors: LIC, EDLC, Ultra Cap w. Graphen - Cells & Modules																																		
	Inductors	RF Inductors																																	
Ferrite (Ferrit Beads)																																			
Power Inductors																																			
Transformatoren																																			
Air Coils																																			
Common Mode Choke																																			
Balun																																			
Wireless Charging																																			
Antennas																																			
LAN Transformer																																			
Filter		Diplexer																																	
Timing Devices	SAW Filter / Duplexer																																		
	EMI Suppression Filter																																		
	Crystals																																		
Electromechanics	Oscillators (VCXO, TCXO,...)																																		
	Resonators																																		
	Connectors	RJ with / without Transformer up to 10G																																	
		USB Series																																	
		SFP/SFP+, QSFP/QSFP+																																	
		Board to Board / Wire to Board																																	
		FFC / FCP																																	
		IDC, LVDS, PCI Express																																	
		PCB Header, Battery Connector																																	
	Mini RF Coaxial Connectors																																		
	Thermal Management	DC Fan (60-173 mm)	low noise, high air pressure,																																
		AC Fan (60-173mm)	double - sided shielded ball bearing,																																
	Motors	DC Blower (48-220mm)	Aluminium alloy die																																
		Switches	Slide (DIP...), Rotary, Tact and Toggle Switches																																
Audio		Speaker, Transducer, Microphones, Indicators																																	
Relays		Solid State Relays, Electromechanical Relays																																	
Displays	Digital IPS TFT LCD Displays																																		
	Digital TFT Displays																																		
	Character & Graphic Displays (Monochrome)																																		
	Custom Glass LCD and BTN																																		
Active & Discrete	Diodes	Zener, Schottky, TVS, ...																																	
	Rectifiers	Bridge, 3 Phase, ...																																	
	Transistors	MOSFET, Small Signal, ...																																	
	SiC Products	Diodes up to 3300V, MOSFET'S, ...																																	
	PWR Modules	IGBT, Schottky, Thyristor, Rectifier Diodes, ...																																	
		AC/DC SIP/SMD Module																																	
	Memory	DC/DC SIP/SMD Module																																	
	RF Modules	SLC & QSPI NAND Flash, SRAM (DDR2,...)																																	
	WiFi, BT4.x/BT5.0, BLE, NFC, GPS/GNSS, Cellular

CONNFY ELECTRONIC CO., Ltd	ZETTLER electronics GmbH	YJ - Yangzhou Yangjie Electronic Co., Ltd.	HY Electronic Ltd	Global Power Technology Co. Ltd	Nidec Servo Corporation	Well Buying Industrial Co., Ltd.	Neisol Co., Ltd.	Flaircomm Microelectronics, Inc.			
Passive Components	Resistors	Thin Film Chip																							
		MELF																							
		Thick Film Chip																							
		Array																							
		Metal Alloy																							
		Anti Sulfur																							
		Current Sensing																							
	Fuses	Blade & Mini-Blade Type																							
	Capacitors	Ceramic																							
		Tantal																							
		Film Capacitors																							
		Aluminium Electrolytic Capacitors																							
		Polymer Alum. Electrolytic Capacitors																							
	Inductors	Super Capacitors (EDLC,...)																							
		RF Inductors																							
		Power Inductors																							
		Common Mode Choke																							
		Balun																							
		Ferrite (Ferrit Beads)																							
		Antennas																							
		Wireless Charging																							
	Timing Devices	LAN Transformer																							
		Crystals																							
Oscillators																									
SAW Filter																									
EM	Connectors	SAW Duplexer																							
		Power Connector 2+4 with Screw Type / 2.54*2.54 Pin Header / 150mm																							
	Battery Socket & Plug																								
Active & Discrete	Switches	Electromechanical Relays (EMR)																							
		Slide (DIP,...), Rotary, Tact and Toggle Switches																							
Active & Discrete	Diodes	Relais																							
		Zener, Schottky, TVS																							
	Rectifiers	Bridge																							
		Small Signal																							
	Transistors	SiC Products																							
		Diodes up to 3300V																							
	Memory	SLC NAND Flash & SRAM (only on request - no standard)																							
		WiFi, BT4.x/BT5.0, BLE, NFC, GPS/GNSS, Cellular																							
RF Modules	WiFi, BT4.x/BT5.0, BLE, NFC, GPS/GNSS, Cellular																								
	Motors	Fan Motors for LED and Infotainment Applications
