### Profile

JVT connectors co., Itd was founded in April 2002.

It set up a branch in Wujiang, Jiangshu Province, in 2004.

Our company is professional to manufacture various connectors with many years experience.

Mainly products are Terminals ,housing, wafers equivalent of Molex ,JST, AMP,HRS and so on.

We can offer various of board to board, wire to wire, wire to board, FPC connectors, and battery welding pieces.

We have the certifications of ISO9001, UL, SGS, CSA, ISO14001, IATF16949, QC080000

We serve for clients with excellent qualities and punctual delivery.

The products have been sold to Europe, Middle East, India, Brazil, Italy and so on.

# History

2002

Branch Office in Wujiang, Jiangsu Province

Developed soldering battery terminal and put it into mass operation

Company moved to Chang'an Town, Dongguan city with total area 4000 m<sup>2</sup>

2013

2012

Formally founded with registered capital RMB 2 millions

Passed the certificate of ISO900:2000
Registered own brand
——JVT

Passed the certificate of UL with the number — E364171

# Branches

## Headquarter

Chang'an Town,

Dongguan city,

Guangdong Province

### **Suzhou Office**

Xiangcheng District, Suzhou City, Jiangsu Province

## **Hong Kong Office**

San Po Kong, Kowloon,
Hong Kong

# **Organizationa Structure**

### **Enterprise Culture**

**Aspirations** To create top-ranking connectors company in the world.

Quality policy quality first, customer satisfaction, Innovation, make perfection more perfect.

**Enterprise culture** earnest, speediness, insisting, fidelity, study, owe.

Management philosophy Core on aspirations, base on enterprise culture, impeccable management system as tool, aim to the win-win between employees, clients and company.

This is to certify that COMPONENT - CONNECTORS FOR USE IN DATA representative samples of SIGNAL CONTROL AND POWER APPLICATIONS

REFER TO ADDENDUM PAGE FOR MODELS

Have been investigated by UL in accordance with the

Standard(s) indicated on this Certificate.

Standard(s) for Safety: UL 1977 - STANDARD FOR COMPONENT CONNECTORS FOR USE IN DATA, SIGNAL CONTROL

AND POWER APPLICATIONS

tion: See the UL Online Certifications Directory at www.ul.com/database for additional information

Only those products bearing the UL. Recognized Component Mark should be considered as being covered by UL's Recognition and Follow-Up Service.

The U. Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognizion as published in the appropriate U. Decotory. As a supplementary means of identifying products that have been produced under U.'s Component Recognizion Program. U.'s Recognized Component Mark '94, and ye used in conjunction with the required Recognized flat. The Recognized Component Mark is required when specified in the U. Directory preceding the recognizion or over Marking's for the inclinidal recognizion.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted to investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to U.L.U.C.

Look for the UL Recognized Component Mark on the product.
