Temporäre Schließung der Taiyo Yuden Produktionsstätte in Malaysia

Sehr geehrter Geschäftspartner,

aufgrund der steigenden Corona-Fallzahlen in Malaysia hat die örtliche Regierung einen zunächst bis einschließlich 07.06.2021 befristeten Lockdown verhängt und u. a. alle Produktionsstätten geschlossen. Hiervon ist auch die Keramikkondensator-Fabrik des Herstellers Taiyo Yuden im Bezirk Sarawak betroffen.

Unter Berufung auf Force Majeure, basierend auf der Entscheidung der malaysischen Regierung, hat man hier die Produktion temporär einstellen müssen.

Wir prüfen bereits mit dem Hersteller, ob und inwiefern dies die zu erwartenden Lieferungen der betroffenen Bauteile beeinflusst und informieren Sie umgehend, sobald uns ein Update zu der Situation in Malaysia vorliegt.

Bitte finden Sie anbei das offizielle Schreiben von Taiyo Yuden.

Mit freundlichen Grüßen

i. V. Luc Letor

Head of Sales

Re: Operation Status of TAIYO YUDEN Group Companies under the Effects of Coronavirus Disease 2019 (COVID-19)

Dear Valued Customers,

We'd like to inform your company of the current status of manufacturing operations in TAIYO YUDEN Group companies as described below.

1. Manufacturing companies of which the operations have been restricted:

Country	Manufacturing Companies	Operation Status
Malaysia	TAIYO YUDEN (SARAWAK) SDN. BHD.	The workforce capacity of the manufacturers in Sarawak is limited under the Movement Control Order (MCO) issued by the Sarawak State government. As a result, the operations of the company have been severely restricted due to the MCO.
	ELNA-SONIC SDN. BHD.	The workforce capacity of the manufacturers in Malaysia is limited under the Full Movement Control Order (FMCO) issued by the Malaysian government. As a result, the operations of the company have been severely restricted due to the FMCO.

Under continuation of these circumstances which are beyond our control (force majeure), unfortunately, it is inevitable that there is a delay of delivery of our products manufactured in these manufacturing companies to your company. We are currently confirming the details concerning the impact on our production and delivery. Our sales in charge of your company will contact you for more information.

2. Other manufacturing companies:

At this time, all manufacturing companies/plants in Japan, China, Korea, Thailand and Philippines are in operation. However, owing to growing impact of COVID-19, if any one of the following force majeure events occurs to a manufacturing company/plant of TAIYO YUDEN Group in the future, please be aware that there is a potential delay of delivery of our products manufactured in such manufacturing company/plant to your company.

- (i) If the operation of a manufacturing company/plant is affected by governmental laws, regulations, orders or actions;
- (ii) If there are disruptions or delays in the supply chain of raw materials thereof or subcontractors, or in the distribution network;
- (iii) If a person infected with COVID-19 is confirmed in a manufacturing company/plant and it is necessary to suspend operations in such manufacturing company/plant; or
- (iv) If there is any negative impact or effect on the business activities of TAIYO YUDEN Group companies due to issues arising from COVID-19

TAIYO YUDEN Group will be continuously cautious of the future change and situation as well as implement actions to minimize any kind of risk which might affect our customers. We will appreciate for your kind understanding and cooperation from all the business partners.

Thank you for your kind understanding.

Very truly yours,

TAIYO YUDEN CO., LTD.

Toshiyuki Watanabe
Operating Officer in charge of Sales and Business Development
