

# Unlock more connection modes M12 plastic shell series

OFFICIAL WEBSITE LINKEDIN YOUTUBE FACEBOOK

DEGSON circular connector is coming. In accordance with IEC 61076 standard, the brand new M12 plastic shell series, unlock more connection ways, to provide you with more supporting solutions.

## Features

- High quality transmission of data, signals, power
- In accordance with IEC 61076 to ensure industry-wide connector compatibility
- The full plastic shell makes the product lighter in weight and higher in corrosion resistance.
- The maximum number of pins is 17, and the IP rating up to IP68
- Provide PVC, PUR pre-fabricated cable
- Provide customized services and accessories

## Technical Data

Products								
Code	A, B, D							
Number of Pins	03, 04, 05, 06, 08, 10, 12, 17							
Rated Current	1.5~4A							
Rated Voltage	30~250V							
Operating Temperature	-20~80°C				-25~80°C			
Meachanical Life	≥100 times							
IP Class	IP67				IP68			

## Accessories- Dust Cap

Products	Part Number	Products	Part Number	Products	Part Number
